
Arena Residences

Arena Residences is a prestigious neighbourhood in close proximity to the city fringe and is minutes walk away from the central business district as well as the Orchard Shopping District. With several luxurious residential units developments being built here, this is now more than ever a desirable location to live in.

Location

Arena Residences is one of the many modern condominium projects in Singapore. It is located in the vicinity of Clementi Town Centre and a walking distance away from the Mountbatten MRT Station, so anyone who is rushing to their job early in the morning will not have any problems getting themselves to the transport there. Arena Residences is a one of a kind residential complex developed by Roxy Pacific Holdings. It consists of 108 residential units residential.

Facilities

Another good thing about Arena residence is the facilities that are available. There are swimming pools where you can spend your bonding moment with your relatives and friends. There are also fitness and sports facilities for those indoor gym goers. Entertainment facilities such as kids playground, BBQ pits are also available. It also provides 24 hours accessibility of spa, fitness centre, a guard house, clubhouse, and a function room in the building thus there is no need to go outside for these options.

In addition to this, the Arena residence boasts world-class education and health care. Geylang Methodist Primary School, Geylang Methodist Secondary School and James Cool University are also nearby, which is a major benefit for families with children and adults. With everything you could possibly need right on your doorstep, arena residence is the ultimate in convenience and luxury.

Other key establishments, such as hospitals, parks, shopping centres such as; Guillemard Village, Leisure Park at Kallang, Singapore Sports Hub thus You will, therefore, have a variety of choices to make in what you want to purchase. Apart from the above, there are also restaurants, health centres, and an ATM of various banks outside the entry gates.

For better living

For better living the two factors are essential they are security and safety. There are various security measures taken in this residence. The compact video cameras are established at every corner of the building. There is a security check at entry gates of these condos. This building has its own security personnel and high tech surveillance equipment that will ensure the safety and protection of the residents. With this, you can be sure that you are safe and well secured.
