Body

The first reason why Hannah had committed suicide was Justina Foley, who was one of the student in the high school Hannah Baker and Jessica Davis had attended. Hannah, Jessica and Alex where new in the school dough they all hang around together but Hannah didn't label them as her friends. However, Justin Foley was Hannah first kiss during their fresh men year in high school. Justin overstated the kiss he had with Hannah, spreading rumors that Hannah and him didn't just had only kiss but was more than a kiss, this rumors painted a bad image to Hannah in the school (Stewart, 2016).

The Second reason to Hannah's death was Alex Standall, who was also a new student in the school. During their fresh men Alex had collected all of Hannah's fresh men records which he describes Hannah as got the best ass in their fresh men class. After that incident in school with Alex, she was assault by a boy in a Candy shop, this made her to lack confident in herself and also she was called as a slut because incident in the shop (Stewart, 2016).

The third reason to Hannah's death was Jessica Davis who was Hannah's class mate in their fresh men year in high school. Jessica and Alex had gone into relationship but Alex chose Hannah over Jessica, this made Jessica got jealous of Hannah and started to bring up the rumors about Hannah was being a slut (Stewart, 2016).

The fourth reason to Hannah's death was Tyler Down was known as the school professional photographer, one night he walks to Hannah's house to give her photos that he took during a photoshoot while he was near Hannah's house he saw Hannah was talking with a boy so he hides beside the flower garden to see who was with her. After the boy left Hannah went into the

house and was sexting with a friend and Tyler was peeping through the window to see what she was doing so, he took out his camera and started to taking pictures of her (Stewart, 2016).

Fifth reason to Hannah's death was Courtney Crimsen, a girl that Hannah likes her personality. Hannah clarifies the event with Tyler peeping through the windows. However, Hannah felt that she was unnoticed by Courtney Crimsen. Even she invited Hannah to a party but Hannah was not satisfied with it her feeling of being ignored by Courtney. After that party Hannah had found out that Courtney had been spreading rumors of her (Stewart, 2016).

Sixth reason to Hannah's death was Marcus Cooley who was Hannah's valentines in school, on that valentine Hannah had planned for their ice cream but he turned up late for it, and she explains also that she was sexual assaulted by Marcus in the restaurant they had met for diner (Stewart, 2016).

Seventh reason to Hannah's death was Zach Dempsey he was in peer communication class with her. After Hannah was assaulted during the diner Zach had comforted her which made her feeling a bit better but later she found out that Zach was picking letters out of her bag which made her feeling more and more depressed, she even attempts to suicide but no one was border about it (Stewart, 2016).

Eighth reason to Hannah's death is Ryan Shaver, was in poetry class with Hannah while she was suffering from depression she wrote poem about her feelings. She adds they were in a party together both of them got along to know each other better, she had wished that she should have known Clay long time. Hannah went to him with her problems but he couldn't help her. Which Mr. Porter also contributed to her death if he was able to help this wouldn't have happened to her (Stewart, 2016).

Conclusion

After writing this summary of thirteen reasons why I have found out that everything and anything around us and in this world happens for a reason, and Hannah committed suicide because she has its reason for doing such actions like this. If you put yourself into Hannah's shoes, you'll know how much pain she had being through as a teenage while in high school. Jay Asher wrote and shared this to us because he doesn't want to see what had happened to Hannah would happen to anyone who is suffering from depression; you must consult a counselor or guidance officer for help so that we can save lives and not lose lives. In this novel Hannah Baker shares her story with us that how she experienced life in high school where many of us face these challenges in life. She shares her story because she doesn't want anyone to end up like her taking their own life (Hughes, K., n.d.).

All throughout the story the author signifies and points out key areas that affect her emotionally, this maybe an eye opener to some of us to see that her search for reasons were based on her own desire ending her own life. It is human nature that we look for reasons to hide our guilt from some wrong doing we have done to look for a solution to sort ourselves out but Hannah didn't consider that but her only solution to the problem was to end her own life (Commonsense Media, 2018).

This novel is portraying or telling us that we shouldn't see one of us do the same as Hannah did; we should help them to look for a solution so that they can overcome the feeling in them regardless of any circumstances in life they face or should advise them to see a guidance officer or a counselor nearby to seek assistance from them rather than letting themselves suffer from anxiety and just to end up like Hannah did by taking away a young innocent life (Commonsense Media, 2018).
